

2019 Local Government Affairs Agenda

Preserving maritime and manufacturing lands

Support local land use and transportation policies, including long range plans such as subarea planning, that maintain or enhance maritime and manufacturing lands, and the critical road and rail infrastructure required for freight mobility. The goals being to preserve industrial lands, freight mobility, allow for the anticipated development of marine cargo facilities and support the growth of related family-wage jobs.

Improving and maintaining the regional freight systems

Support and work with our jurisdictional partners in obtaining grant funding that enhances freight corridors that improve the competitiveness of alliance properties, benefits the local community and improves safety.

Future transportation infrastructure projects

Work with local transportation jurisdictions including Sound Transit and Washington State Department of Transportation to ensure new infrastructure projects have limited negative impacts to freight mobility/capacity and provide increased safety for all users.

Conditional street vacations at Terminals 5 and 18

Support City of Seattle staff in finalizing the conditional street vacation packages at Terminals 5 and 18, including advocacy for the respective relevant ordinances to be adopted by City Council.
