

Interested in the scrapping bonus?

Do NOT scrap your truck before you are approved for a Clean Truck Fund loan.

Follow the steps to receive your \$6,000 scrapping bonus:

STEP 1: You must **first** apply for a Clean Truck Fund loan for a replacement truck from either Opportunity Fund or Harborstone Credit Union. You must **wait** for your loan to be approved before scrapping your truck.

Do NOT scrap your truck yet!

STEP 2: Once Opportunity Fund or Harborstone Credit Union approves your loan, you must scrap your non-compliant truck at an [approved scrap yard](#).^{*} You are responsible for contacting the scrap yard and making an appointment to drop off your non-compliant truck. **The scrapping process could take up to 1 week.**

STEP 3: After your truck is scrapped, the scrap yard will provide documentation to The Northwest Seaport Alliance confirming your non-compliant truck has been properly destroyed.

STEP 4: Once the documents are approved, the NWSA will notify your lender to issue your loan. The NWSA will issue the \$6,000 scrapping bonus to you and/or the dealer of your new, compliant truck.

STEP 5: Opportunity Fund or Harborstone Credit Union will issue your loan to purchase your compliant truck.

Approved scrap yards

SEATTLE

Seattle Iron & Metal Corp.

601 South Myrtle St.
Seattle WA 98108
